EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: Applicants' latest response has, after their Petition of March 31, 2003 to revive the application from an earlier holding of Abandonment has been successful, has put the case in condition for allowance as regards claims 3-6, 11-14, and 17-20, which the Examiner had previously indicated were objected to as being dependent upon a rejected base claim. These claims have now been amended in a manner so as to make claims 3 and 4 the independent claims. The remaining claims 1,2,7-10, 15, and 16, all of which the Examiner's rejection of was affirmed by the Board decision of May 22, 2003, are cancelled by the Examiner in this Action, as being rejected claims subject to an adverse decision of the Board. It is noted that claims 3-6, 11-14 and 17-20 have been allowed by the Examiner even though applicants' latest Response did not cancel the affirmed rejected claims and in fact claims 1,2, 7-10, 15 and 16 were not even listed in their Response, which technically is believed to have made the amendment noncompliant.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is 571-272-1486. The examiner can normally be reached on 5-4-8:30-6:00.
